

Custom Acrylic Display Stand Specification

Complete the seven inputs below and attach a marked photo, sketch, or CAD file. Wetop uses the approved drawing and physical sample as the production reference.

100 pcs
Production MOQ per design

3–5 days
Paid sample; fee never credited

15–20 days
Production after approval

24 hours
Reply to a complete brief

Seven inputs for a usable quote

1 · Product or insert
Overall dimensions, weight, count per display, and fit-critical clearances.

2 · Display format
Countertop, floor, wall, shelf, riser, sign holder, or flat-pack assembly.

3 · Footprint and envelope
Maximum width × depth × height, viewing direction, and site constraints.

4 · Material and finish
Clear, frosted, colored, mirrored; named grade/thickness; edge and surface finish.

5 · Branding and hardware
Artwork method, revision, magnets, fasteners, inserts, mounts, or security interface.

6 · Quantity per design
SKU list, artwork split, rollout waves, required sample quantity, and reorder files.

7 · Packing and destination
Bulk or individual packing, store/carton labels, destination, incoterm, and in-hand date.

Attach before release
Actual product or insert, approved artwork, drawing/CAD, wall or fixture photo, and packing marks.

Sample approval checks

- ☐ Actual product or insert fits every pocket, shelf, slot, and support.
- ☐ Footprint, load, stability, wall/fixture interface, and assembly are approved.
- ☐ Material, color, edge finish, artwork version, and hardware match the brief.
- ☐ Carton protection, labels, parts, instructions, and location allocation are approved.
- ☐ Any electrical system is supplied and approved by the buyer's integrator; Wetop quotes non-electrical acrylic parts only.

Named price references

FOB Shenzhen planning prices, not final quotations.

Reference	100	500	1,000
Two-tier countertop stand	\$28	\$16	\$12
300×150mm shelf	\$8	\$4.80	\$3.80
A5 slant-back sign holder	\$6.80	\$3.70	\$2.90

Final quote controls: approved drawing, material, finish, hardware, artwork, sample, packing, quantity, destination, and freight term.
